🕒 Born : 18-01-1992

📍 Indira nagar, Bhoir nagar, Near Om Hospital,
Chinchwad, Pune (M.H) Pin—411033

CAREER OBJECTIVES & MAJOR STRENGTH

- **Innovative, task driven with good knowledge of Manual / Automation Testing and UI Design.**
- To secure a challenging position where I can effectively contribute my skills and innovative ideas to gain knowledge in the work oriented environment.
- Self-motivated, Innovative & ready to learn.

Professional summary :

- Hands-on Experience in writing Manual Test Scenarios, Test Cases, Preparing Test Data, and **Developing Automation Scripts** for web applications with **Selenium WebDriver** and **Java**.
- Good hand-on knowledge of writing test Cases / Scenarios manually (End to End).
- Good knowledge of writing Selenium test cases using **TestNG (Page object model, Data driven) , & Cucumber (BDD)** framework.
- Experience of UI testing, Cross browser testing for different platforms, **parallel execution** of test cases and knowledge of SDLC and STLC.
- Good Knowledge of management tools like **JIRA** for bug tracking. And **Maven, Jenkins**.
- Knowledge in Agile Development Environment Using **BDD** (Behavior driven development).
- Developed automation scripts using **RestAssured** for **REST API**.
- Familiar with **Postman** for **API testing** and **CodeceptJS** for automation.
- Good knowledge of **OOPS** concepts.
- Good ability to Coordinate with developers and record defects in tool to track until they are resolved.
- Good knowledge of code management tools like **Git & Gitlab**.
- Knowledge of Database **MySQL**.

SKILLS

Automation Tool : Selenium WebDriver

Frameworks : TestNG, Cucumber,
CodeceptJS.

Database : MySQL.

Bug Tracking Tools : Jira.

Build Tools : Maven, Jenkins.

Web Technologies : HTML5, CSS, Bootstrap, JavaScript.

Other Skills/Tools : Manual Testing, Git, GitLab, CoreJava, Postman, REST Assured.

LANGUAGES

English, Marathi, Hindi

CERTIFICATES

Software Testing+Jira+Agile

Udemy

Selenium WebDriver (Java + Frameworks)

Udemy

EDUCATION

M.Sc. (Computer Science)

Nagpur University

BCA (Computer Application)

Nagpur University

Project Experience :

- Project Name : **OnlineServices** and **Admschrome** Role : **UI Designer / Manual Tester**
- **Technologies** : HTML, CSS, Bootstrap, JavaScript, MS Office.
- Involved in regular discussions with developers regarding defects.
- Involved in end-to-end testing
- wrote detail level test cases and Analyzed software requirements.
- Ensures issues are identified, tracked, reported on and resolved in a timely manner.
- Design user interfaces for web applications.
- Based design with Bootstrap/CSS for creating responsive websites.

Work Experience :

1] Associate Network Engineer / Tech Support | Mar 2021 - till date

(Successive Technologies, Pune, INDIA)

2] Web Developer | JAN 2020 - DEC 2020

(NetNaca, NAGPUR, INDIA)

- Perform testing as role of Software tester (manual testing end-to-end & write testing Scenario/Cases)
- Developed front-end web pages/Modules, Participate in design reviews and provide required input to improve the UI.
- Fixed bugs from existing websites and implemented enhancement that significantly improved web functionality and speed.
- Performed testing and documentation of UI and services (end-to-end manual testing & creates testing Scenarios).
- Also work with deployment of code using **PUTTY / WinSCP** & Performed deployment of builds on all the devices.
