PROFESSIONAL SUMMARY

- A determined and diligent professional having qualitative experience in Application/Software Development. Strong engineering professional with B.E. - Computer Science and Engineering.
- Hands of Experience on Spring Boot for building Enterprise applications in Java.
- Experienced on Android Application Development and its deployment.
- Good Knowledge about Core Java and Object Oriented Programming Methodology.
- Worked on Spring Data JPA and MySQL.
- Worked on Angular 8/9 for building Single Page responsive web applications.
- Worked on Ionic for Developing cross platform mobile Applications.
- Experienced on Cherwell Service Management.
- Used Postman for Testing and Verifying the Rest APIs and their responses.
- Good Knowledge about HTML5, CSS3 and Java Script.

EXPERIENCE

Hybrid Developer (HCL Technologies Ltd.)

08/2020 - Present

- Working on Ionic for Android/IOS Application development.
- Worked on Firebase Cloud Messaging for Firebase Notifications.
- Worked on Cherwell Rest API Implementation in FSM Mobile Application.
- Hands on experience on Pages, Components, Modules, Pipes, Date/Time conversation between different Time Zones etc.

Cherwell Technical Consultant (HCL Technologies Ltd.)

09/2019 – Present

- Working on Cherwell Service Management.
- Hands on experience on Different types of Automation Processes.
- Worked on User Interface design implementation.
- Hands on Experience on One Steps, Expressions, Validation and Data Import in Cherwell
- Worked on Rest API Implementation in Cherwell.
- Good knowledge about Specifics, Reports and Dashboards.
- Hands on Experience on Incident, Service Request and Change Management Modules, their Lifecycles Implementation.

Java/Android Developer (InnoEye Technologies Ltd.)

6/2019 – 9/2019

- Worked to capture LTE, 3G and 2G network parameters to measure the actual wireless carrier network performance of android devices.
- Hands on Experience on Interfaces and Abstract Classes in Java.
- Hands on Experience on Java Exception Handling, Model classes, static methods, static blocks, Function overloading and Function Overriding.
- Created different Java parsers to parse the Log Codes and Event Codes in Android.
- Worked on UI Design in Android.

Java Full Stack Developer

10/2018 – 02/2019

- Extensively used OOPS concepts like Inheritance, Polymorphism and Exception Handling.
- Hands on experience on REST API based Implementation using Spring Boot.
- Hands on Experience on Spring Data JPA.
- Used JPQL (Java Persistence Query Language) & SQL (Structured Query Language) for creating queries with Databases.
- Worked on Spring Boot Security with Different Authentication and Authorization mechanism like: In Memory Authentication, Database authentication, JWT Authorization etc.
- Developed the GUI of the application using HTML, CSS and bootstrap.
- Basic Knowledge about Testing in Spring boot, Thymeleafs and Spring Boot Actuator.

Android Developer Intern (Radical tech Support)

07/2018 - 10/2018

- Worked on Rest API integration for various CRUD operations in Android.
- Hands on experience on User Interfaces, Services, Notifications, Activities and Fragments etc.
- Worked on SQLite and Shared Preferences for storing data locally.
- Used Firebase for various services like email/phone Authentication, Notifications, storing and manipulating data.
- Worked on different Payment Gateways (Razorpay/PayuMoney/Paytm) for secure payments.
- Used different UI/UX libraries for interactive User Interface Design.

TECHNICAL SKILLS

- **Languages:** Core Java, C++, HTML5, SQL, JPQL, Java Script & CSS3
- **Databases:** MySQL, Firebase
- **Development Tools/IDE:** Eclipse, Android Studio, STS, CSM
- **Frameworks:** Spring Boot, Angular, Ionic
- **Domain:** Mobile Application, Web Application, ITSM Development
- **Others:** ITIL 4, XML, Rest, Maven, Gradle, Postman

TRANINGS AND WORKSHOPS

Month/Year	
Feb-2019	Participated in 1 day workshop on IOT at BNEST Bhopal by Mr. Prem Sagar.
July-Aug 2018	6 weeks training on Android from Aimerse Institute Bhopal.
Sept 2017	Participated in 2 days workshop on PHP at SIRT Bhopal by Universal Informatics.
July-2017	Participated in 1 day workshop on C/C++ at SIRT by Mr. Yashwant Kanetkar.

PROJECTS

- **Field Service Management (Ionic)** **08/2020 - Present**
FSM (Field Service Management) is a mobile application based on Ionic. Created for various Fields Engineers to work on their assigned tasks/deliverables working at different locations.
- **HUDSONBAY (Cherwell Service Management)** **09/2019 – Present**
HBC is the process ecosystem of ITIL Best Practices, based on a HCL product – GBP (Gold Blueprint), development and designed on Cherwell Service Management tool. Involving a group of Service Management processes along with their operating environment.
- **NetVelocity (Android)** **06/2019 - 09/2019**
NetVelocity is a multipurpose mobile application that enables users to test, measure, compare and share their network performance – anytime, anywhere. It performs speed tests to get real-time insight into our carrier’s performance and many more features.
- **Online Book Store (Spring Boot)** **09/2019 – 11/2019**
Online book Store is a Spring Boot Application based on Spring Data JPA and MySQL Database. Used to store and retrieve the details of books, author details and ratings. This project consists two parts the user part and admin the admin panel. User Part is used by the End User to buy books and the Admin Panel is for Admins who add and update the project details.
- **ABK Bazaar – One Stop Shop (Android)** **08/2018 - 10/2018**
ABK Bazaar is a mobile based android application for various online payments. This project focuses to providing easy and reliable payments for mobile recharges, electricity bill payments, water bill payments, DTH recharges, data cards recharges, landline recharges, gift cards and so on.

- **SABAQ (Android)**

06/2018 - 09/2018

A Tabla learning android app that provides hundreds of free/paid courses in the form of Videos and PDFs of different Tabla topics online. Accepts payment with different payment methods with Razorpay payment gateway. Developed and designed with two aspects: User side and Admin side, Users find and enroll for their desired courses at user side and the admins upload and update the courses from the admin side.

CERTIFICATIONS

- **ITIL 4 Foundation**

Issued by AXILOS Global Best Practice

July - 2020

- **CCPEA**

Issued by Cherwell

Aug - 2020

EDUCATION

Qualification	Specialization	School/College	Board/University	Year	Percentage
B.E.	CSE	S.I.R.T Bhopal	R.G.P.V.	2019	7.8 CGPA
12 th	PCM	L.S.S.M.S. Sagar	M.P. Board	2015	79.8%
10 th	-	L.S.S.M.S. Sagar	M.P. Board	2013	81.83%

PERSONAL INFORMATION

Name	Shreyansh Jain
Date of Birth	6-May-1997
Gender	Male
Nationality	Indian
Permanent Address	886, Ankur Colony Makronia Sagar (M.P.) Pin Code: 470004

DECLARATION

I hereby declare that the above-mentioned information is correct up to my knowledge and I bear the responsibility for the correctness of the above-mentioned particulars.
