- Familiar with complete Software Development Life Cycle and Testing Life Cycle. Also working in **Agile** methodology

## Technical Knowledge

- Technical : Core Java, Microsoft SQL, Selenium.
- Tools : Eclipse.

## Academic Qualification

- Bachelor of Engineering in Computer Science Engineering from The North Cap University Gurgaon with an Aggregate of **76%**.
- Senior Secondary Education from DAV Public School, Panipat (CBSE) with an Aggregate of **86.8%**.
- Higher Education from Bal Vikas Progressive School, Panipat (CBSE) with 8.4 CGPA.

## Professional Experience

Project Name	Pay-Direct
Domain	Payment Domain Product
Role	Team Member
Duration	May 2019 – Till Date
Team Size	6
Automation tool	Selenium WebDriver with Core Java language and Data Driven Framework.
Other tools	Eclipse
Project Description	This Project is basically a US based Payment application project. We have various clients which uses PayDirect Application for their customers who makes payments of water tax, electricity bill, parking tax and so on. Also for this product we have applications like Datapoint from which customer support people do the reversals. For Code check-ins and code Repository we have used Microsoft's TFS(Team foundation server) tool. We have automated our testcases in <b>Selenium – Java</b> with <b>Page Object Model</b> approach.

Contribution	<ul style="list-style-type: none"><li>• Participated in Automating functional flows of use cases using Selenium.</li><li>• Performed extensive end-to-end testing of use cases.</li><li>• Preparing and executing Test cases and Test Plan.</li><li>• Identifying the requirement issues and tracking them to closure by communicating with developers and team leads.</li><li>• Perform testing on all 3 environments build i.e. Dev, QA and CA(UAT). After the regress testing only the release went to prod environment.</li><li>• Automated the end to end functionality test cases with all Functional and Regression scenarios using Selenium WebDriver throughout the Sprints.</li><li>• Working in Agile methodology.</li></ul>
