### ASTORIAN-Z GROUP

#### Apna Shramik App

25 Aug 2020- 22  
October 2020

- Working on a team we have developed a android based app named Apna Shramik. In this app Shramik will can getthe job and
- companies will hire or give vacancies for job.

## PROJECT

### PREDICTION OF FLIGHT DELAY USING ML & PYTHON

#### TATA SNTI

- In this project I develop a model aimed at predicting flight delays at take-off.The purpose via not to obtain the best possible prediction but rather to emphasize on the various steps needed to build such a model.In this I have built some basic but important concepts about in visualisation data manipulation, modeling etc.

#### Tourism based App development

- In this project I am developing an app based on tour and travel using android studio.In that my app having features like booking hotel's,vehicals and tourists guide.

#### Android Chat-bot

ENGLISH

- In this project, Me and my team has developed a app which will auto answer your questions and reply your queries.

FRENCH
