Experience

1. Software Developer in 'Kaaspro Enterprises' - I have been working on an EHR software. The technologies I used includes JavaScript, jQuery, HTML5, CSS, Bootstrap, MySQL, Java. I have 18 months of experience as a Software Developer.

   Accomplishments:
   - ✓ I have successfully completed paid subscription plans implementation (Front-end and Back-end business logics) using Stripe as the payment gateway for Kaaspro's cloud based EHR application '75Health'.
   - ✓ Initially I have also worked on debugging for the mentioned application.
   - ✓ Server-side validation for the whole application.
   - ✓ Implemented own 1-1 video call using webrtc.

Project :

Project Title   : Online Staff Leave Management System
Language of implementation: JAVA
Operating system   : Windows 98/XP/07
Description   : The Online Staff Leave Management System is an Intranet based application that can be accessed throughout the College or a specified group/Dept. The periodic crediting of leave is also automated. There are features like email notifications, approval of leave, report generators in this system. The main intention of introducing this system is to reduce the paper work and maintain the records in more efficient way, chances of losing data is not possible because data is maintained in the form of database.

Strengths:

- ✓ Adaptable to the situation
- ✓ Leadership skills.
- ✓ Hark worker and Fast learner
