An ambivert guy who is eager to learn new skills and explore new things. A friendly and polite person who is good in managing things and people as well I have good leadership qualities and tend to gel up people quite fast and with some convincing power also make things happen quite easily. I am fun loving person with a passion of driving crazy fast cars and exploring places and going on road trips while exploring good food as well. Try to keep myself as health as I can and try to live a healthy lifestyle as I love to work out.

Projects

SSO (social service organization)

In this project i worked with Youth connect organization on a project for the cleanup of the yamuna river area near batla house.

Teaching importance of cleanliness to children and people in the particular area.

IRP (Industrial research project)

In this i worked on a project called 'we are with you' in which we worked for helping in rehabilitation of tihar jail convicts post their release.

Tying up with different organizations an NGO's to come on board with us to support the cause.
