CAREER OBJECTIVE

A Mechanical engineer with hands on experience towards Procurement in addition to Material Planning, Supply Chain and Inventory management where I can utilize my enriched professional aspects knowledge and skills for making a significant contribution to the success of an organization.

SUMMARY

- ❖ A Mechanical engineer with almost 6 years of Industrial experience in Procurement, material Planning, Supply Chain and Inventory Management.
- ❖ Currently associated with M/s Canara Hydraulics Pvt. Ltd. as Engineer.
- ❖ Handling operations involving resource planning, material planning, procurement, Budgeting, receipt inspection, proto parts development, team building and co-ordination with internal departments.
- ❖ The core responsibilities include material planning, Procurement and Supply Chain Management of projects, pertaining to various assemblies, sub-assemblies and Proto Cylinders.
- ❖ Well versed with the concepts of Hydraulics System, team player with strong analytical and leadership skills.

KEY SKILLS & ABILITIES

- ❖ **Material Management:** Ability to Analysis, organize and plan flow of material according to Supply chain Management System right from Material Procurement to Issue of Material to Production.
- ❖ **Inventory Management:** Ability to Maintain MSL by analyzing Material consumption Pattern without overstocking the Inventory.
- ❖ **Team Management:** Providing motivation and training to the team for ensuring optimum performance, design, and implementation of performance management system for all the team members.
- ❖ **Negotiation:** Ability to Prepare, analyze and determine the goals of Negotiation without impeding interests of any Party.
- ❖ **Flexibility towards Process Improvements:** Believe in principle that “Yesterday’s work can be done more wisely today with better process improvements.

EDUCATION

- ❖ B. E (Mechanical) 2014 Canara Engineering College, Mangalore-73.6%.
- ❖ PUC(Science) 2010 R.N Shetty PUC, Kundapura-84.6 %.
- ❖ HSC 2008 St. Mary’s High School, Kundapura-81.4 %.

❖ EMPLOYMENT

- ❖ **Current Organization: CANARA HYDRAULICS PVT LTD. Peenya Bangalore**
- ❖ Canara hydraulics Pvt. Limited is a leading manufacturing of hydraulic cylinders, Hydraulic systems.
- ❖ Designation: Engineer
- ❖ Industry: Manufacturing
- ❖ Duration: DEC-2014 to Present

Key Responsibilities Handling.

- ❖ Rate fixing of New Product through P-PAP development.
- ❖ Techno commercial evaluation of offers.
- ❖ Constant assessment of new suppliers to bring down the Purchase cost and improve in quality of Product.
- ❖ Arranging of Material as per monthly, weekly assembly plan
- ❖ Chasing supplier for timely dispatch of material to support production without line stoppages.
- ❖ Involved with QC department for timely clearance of procured material.
- ❖ Costing for the reconditioning cylinder.

Procurement and Logistics:

❖ Responsible for procurement as per project schedule and managing supply chain of all the items related to Hydraulic cylinder component like Shaft, Tubes. Schedule the procurement by breaking entire process into major categories like:

- Finalization of cost & service contracts, work contract, etc.
- Sub-Contracting of different machined parts like Flanges, HEC, Piston etc. by maintain VMI (Vendor Manage Inventory) to reduce supply lead time.
- Other requirements as per production / planning schedule.

- ❖ Floating RFQs & collecting technical offers & price bids. Techno-commercial evaluation of offers. Negotiation with vendors & preparation of purchase contracts.
- ❖ Maintain Purchase Order Progress in ERP to timely delivery of Material as well as timely Payment to Supplier.
- ❖ Chasing Suppliers for timely dispatch of items to avoid no load situations. .
- ❖ Co-ordinate third party inspection at Vendors place.
- ❖ Co-ordinate with the NABL Lab for timely Material testing and its lab report.

Vendor Management and Development

- ❖ Continuous assessment of new vendors for Material and services.
- ❖ Initiating activities to improve quality performance at supplier end related to complaints.
- ❖ Handles approval of prospective vendors.
- ❖ Assisting vendor for technical qualification.

Material Planning & Management

- ❖ Material Planning according to Project schedule.
- ❖ Timely arrangement of Material from customer.
- ❖ Preparation of Reconciliation report of Material.
- ❖ Issue of Material against the BOM of Drawings.
- ❖ Inventory management.

SKILL SET

- ❖ Good Knowledge about Hydraulics cylinders and cylinder design.
- ❖ Experience in using MS-Office applications like Word, Excel and PowerPoint. Knowledge of GD&T.
- ❖ Good Knowledge about Selection of Hydraulic Seals.
- ❖ Software known: AutoCAD, Solid works, Catia.
- ❖ Proven ability in analytical skills, problem solving skills, and good understanding of engineering problems.
- ❖ Knowledge about 5S and Kaizen
- ❖ Proper knowledge of ERP System

ACHIEVEMENTS

- ❖ Achieve the Target cost saving of 5 lakh individually.
- ❖ Rationalization of Item Codes according to Project requirement for smooth consumptions of Dead Inventory.
- ❖ Development of System which helps in Smooth Flow of Material and Sub Contracting Parts with Minimized Inventory.

PERSONAL DETAILS

Name : Chinthan Prabhu R
Father name : Ramesh Prabhu N
Date of birth :02/11/1992
Gender : Male.
Nationality : Indian.
Permanent address :Karanth Compound, surnalli Road
Near old Bus Stand Kundapura-576201
Udupi District
Languages known :Kannada, English, Hindi
Alternate E-mail :chintanprabhu@yahoo.com
Hobbies : Playing cricket, Watching TV, Reading.

DECLARATION

I hereby declare that the above information which furnished is true to the best of my knowledge and experience.
