

Soft Skills Bio

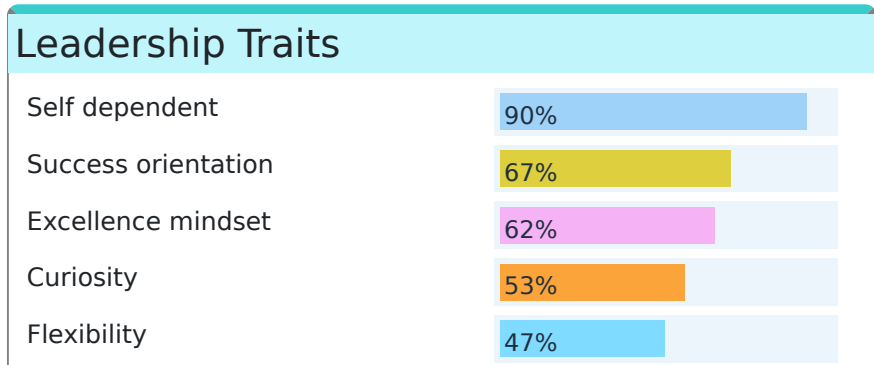

Suresh Suresh

nssuresh@gmail.com

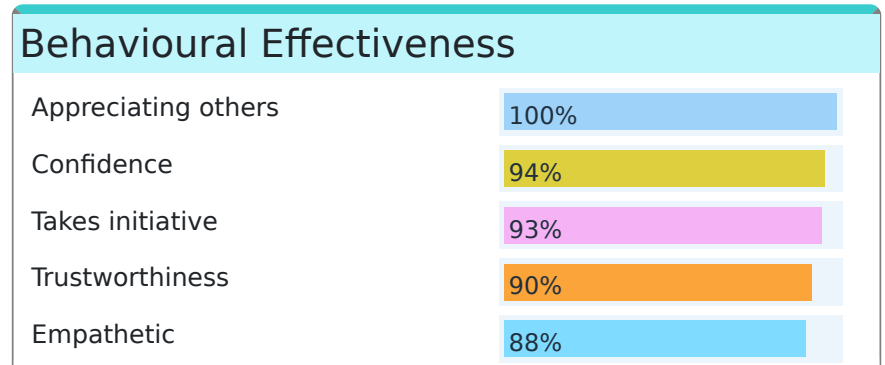

Based on the recent psychometric assessment I have taken, I am presenting below my core personality characteristics and preferred behaviour, which are the key success factors in work place.

My Key Strengths

Among many leadership traits, given below are my core personality characteristics

Among many work place effectiveness behaviours, given below are the top strengths based on my inner desires and motives

Leadership Traits

Self dependent

Perceives to be in control of life. Trusts in hardwork. Owns responsibilities and believes in self to achieve success.

Success orientation

Displays competitive spirit, and a never-give-up attitude. Does not deter from venturing into new initiatives, and will be courageous on facing challenges.

Excellence mindset

Continuously searches for professional development. Eagerness to do better than the past. Follow passion by taking part in social activities.

Curiosity

Perceives and appreciates every experience as unique. Has the eye to see differences even in repeating situations. Learns from every experience.

Flexibility

Accommodates new ideas from others. Avoids stereotyping and will not get fixated to a particular concept or an idea.

Behavioural Effectiveness

Appreciating others

Observes positive behaviours in people and openly compliments them without any hesitation or inhibition. Expresses opinion genuinely to reinforce them.

Confidence

Carries a 'can-do' attitude. Displays confidence while interacting with others and higher authorities. Tries new things and uses abilities to make decisions.

Takes initiative

Displays energy, enthusiasm and motivation to take actions. Demonstrates proactive behaviour. Volunteers to take assignments that broadens skills and experiences.

Trustworthiness

Assumes responsibility. Principled and matured. Reliable and maintains confidentiality.

Empathetic

Displays genuine concern and interest for others. Understands others by putting themselves in their shoes. Responds to other's feelings appropriately.
