This Project contains sixteen modules. They are Admission, Attendance, Academic, Finance, PaymentHR, Transport, Hostel. etc.
2	CloudInfo Pvt Ltd	Omani Business Register	June-2015 to Dec -2015	Asp.Net 4.5 version, C# 4.5 Version, SQL Server 2014 12.0	In this Project I am as Front end	Omani Business Register is a web based product which we developed in .NET framework

				Version, HTML5, CSS3, JavaScript.	developer Designing ang Pagination and C# Code behind developer and Database Table Structure Creating	3.5. It comprises the company's description and its details. The companies can be searched under seven proto as company search, business search, and brands search, PO Box, Tel/Fax, E-Mail and Web. Here to retrieve the details of companies we use repeater control to bind values from the database.Each and every company has its own ads image which I retrieved from the solution and displays the images using JQuery. And also I developed a categorized frame for the companies classifying with its respective business names and brands name by clicking the link it will redirect to the respective company pages.
3	Amnet System Pvt Ltd	Folder Structure Creation	Feb-2016 to July-2016	Asp.Net 4.6 Version, C# 4.6 Version, SQL Server 12.0 Version, HTML, CSS, JavaScript,Jquery	In this Project I am as Front end developer Designing and Folders Creation and C# Code behind	Folder Structure Creation: Aims the overall activities of the folder structure creation. This workflow is being developed by Amnet Systems Private Limited to speed up the folder structure creation for multiple divisions. ASPL handles many customers effectively and efficiently, similar to the reasons Tool will create a complete folder structure, based on excel sheet information for each customer. We have to follow the folder structure names and sub-folders structure as

						<p>per the provided input file of excel sheet, A well-structured folder hierarchy makes it easy for anyone to find what they're looking for. When a folder hierarchy is shared between multiple people or departments, things often get messy because everyone thinks about organizing and finding files in different ways. This folder hierarchy is important and provides best practices for folder organization.</p>
