Summary

I'm currently pursuing my fourth Year of Bachelor's Program (Majoring in CSE) at Sri Chandrasekharendra Saraswathi Viswa Mahavidyalaya, kanchipuram . I am interested in cybersecurity and Networking domains, and also having good skills in Full Stack development.

About Me

Being a tech-enthusiast, I like to read up on prevalent and coming new frameworks and I am always eager to learn about working with new technologies. In my meantime, I like to participate in CTF-centric events like Hacker101, Tryhackme & HTB. I also love to solve real-time challenges. I like to test out various components in different networks, ranging from campus networks to small businesses. I am always enthused about trying out different aspects of applications in daily life.

Experience

- Working as Security Researcher at CyberWarFare Labs
- Worked as Cyber Security Intern at Indian Servers
- Worked as a full stack developer in 108techrosoft solutions
- Worked as Java developer intern at Grepthor Software solutions, Hyderabad.
- project intern at azure skynet solutions for cyber security and ethical hacking domain.
- project intern at azure skynet solutions for CCNA-R&S

Skills

Programming Languages & Libraries: SQL, Python, Java, Html5, css3, javascript, php, c/c++.

Databases : Oracle 10g, pl/Sql, MYSql,MongoDb

Operating Systems : Windows 7/10, Debian Linux - (kali, parrot,ubuntu), unix,Arch Linux, Macintosh, Chrome OS.

Tools

Nodejs, Reactjs, ASP.Net, JSP, Cain & abel, Sqlmap, Git, PUTTY, MatLab, Weka, Wireshark, Netsparker, Acunetix, Nmap,Cisco Packet tracer, Nessus, Termux, Netsim, Burp suite, Gobuster etc.

Other Skills

-Linux Administration

-Ethical Hacking - xss scripting, password Cracking, Sql injection, vulnerability scanning and assessment.

-Data sciences - Regression techniques, data cleaning techniques.

-Networking - Network monitoring and packet tracing.

Interested areas

Computer Networking,WAPT, Information security , Data sciences, Full Stack development , Linux administration.

Education

SSC RR public High school, kavali, Nellore

GPA 8.7/10.0

Intermediate Sri chaitanya junior college, tirupati,AP

Percentage 91%

B.Tech in Computer Science and Engineering

Sri Chandrasekharendra Saraswathi Viswa Mahavidyalaya, kanchipuram,TamilNadu.

CGPA 7.9/10.0

Languages

English,Telugu,Tamil and Hindi(Working proficiency).

Trainings & Certifications

- Ethical Hacking and Cyber security - Azure skynet solutions
 - CCNA-R&S - Azure skynet solutions associated with IIT Bombay
 - CNSS Certified Network Security Specialist - ICSI
 - Cybersecurity@ANZ program - ANZ
 - NDG Linux Essentials- cisco
 - NSE 1 & NSE 2 –Fortinet
-

Projects

- Online Mobile Billing -Core & Advanced Java
 - Network Vuln assessment - CCNA Networking - R&S
 - _Owasp Top 10 - Ethical Hacking and Cyber security
-

Accomplishments

Got second in CTS Hackathon
Merit Certificate from IIT Bombay for IOT Challenge
