| BE | The new control method of wind energy in power systems using IC SG 3525. | Pune University(In House) | 1 Year |

Graduation Seminar:

- A New Control Method of Wind Energy, In Power Systems using SME's.

Professional Experience:

Sole Proprietor at M/s. Prabhat Electricals and Engineer's & M/s A. S. Electricals and Consultants:

Post completion of my post graduation in Master's in Business Administration (MBA) in Operations, I had setup a proprietary firm by the name M/s. Prabhat Electricals and Engineer's, Pune and M/s. A. S. Electricals and Consultant's which was an Electrical contractor's firm as I being a Maharashtra Government Licensed Supervisor as well as a PWD registered Electrical contractor. In our firm we use to take contracts pertaining to Electrical wiring supply as well installation of panels and maintenance related works. Till date we had served clients from the banking sector, Residential flats and Bungalows.

While managing the firm I use to be part of all the activities but was majorly responsible in:

- Getting the business.
- Tender form filling.
- Procurement of material
- Electrical cabling layout analysis and estimation of material quantity.

Taking into consideration the recent scenario and need of change in every sector I personally believe that one should always be in search of varied opportunities and updating knowledge and skillset with respect current trends. Post Pandemic every sector has been hit over an extent same was in our case. But having an ability to enter into an industry wherein I can have an exposure to a different sector be it an Automobile industry wherein transformation from IC engine to Electric vehicles, in any kind of Renewable energy company which I feel is going to be a necessity in years to come or it can be a Logistics related industry.

Interests / Hobbies/Activities:

- 1) Visiting different places, exploring amazing food joints, also have a great interest in cooking various cuisines like Indian, Chinese and Italian.
- 2) Songs which are pleasing, new as well as old are the ones which I prefer to tune into.

Declaration:

I Thereby declare that all the above given information is authentic.
