

# Himani Sachdeva

Fashion Designer , Stylist

As a Fashion Designer , I am looking forward to use my skills and my creativity to its maximum. I am a very positive and a practical person that makes it easy for me to deal with people. I believe that nothing is impossible. There is always a way to get that thing done. I am good at understanding conceptual and technical things . I believe in working smart rather than working harder because smart work is the key to good work .
